RESPONSE TO RESTRICTION REQUIREMENT

Dear Sir or Madam:

This is in response to the Office Action dated September 29, 2005. The Examiner has required restriction between Group I (a method of identifying a test compound by binding to an Porphobilinogen Deaminase polypeptide) (claims 1-5), Group II (a fungal growth assay when a fungus is brought into contact with a candidate antibiotic compound) (claims 42-44), Group III (a fungal Porphobilinogen Deaminase activity assay) (claims 6-10), Group IV (a method to detect inhibition of fungal Porphobilinogen Deaminase expression) (claims 11-17), Group V (a method to differentially inhibit fungal growth and Porphobilinogen Deaminase expression) (claims 19-41), Group VI (an isolated nucleotide encoding a polypeptide) (claims 45-47), and Group VII (a polypeptide) (claims 48-49).

With respect to the Restriction Requirement, Applicants hereby elect without traverse to pursue the claims of Group I (claims 1-5) and expressly reserve the right to file divisional applications or take such other appropriate measures deemed necessary to protect the inventions in the remaining claims.

Should the Examiner have further questions or comments with respect to examination of this case, it is respectfully requested that the Examiner telephone the undersigned attorney so that further examination of this application can be expedited.
